- ◆ David England, Chair of Deacons—(270) 465-1400
- ◆ Josh Veatch, Sunday School Director—(270) 692-7693

### "God Takes No Time Off!"

Have you taken your vacation yet this summer? I always enjoy hearing from folks about where they went and what they did. I hope you get to make time for some relaxation at your favorite place!

God, I believe, wants us to have some "down time" and be refreshed whether it is a vacation or just relaxing at home. He knows we need to rest our mind, body and soul. After all, He specified the Sabbath as a day of rest and even rested Himself after finishing creation according to Genesis 1. However, though God rested on the Sabbath, He did not take any time off. Here's what Psalm 121 has to say about God's vigilance: "He who watches over you...will neither slumber nor sleep."

Take some time off this summer. And while you are relaxing, thank God that He is still in control.

*Bro. Steve*

### Familyfest

The national WMU is having their annual "Familyfest" this year in Lebanon. People from across the country who want to do mission work as a family will be traveling here to participate in various projects through the Central Baptist Association which includes Baptist churches in Marion and Washington counties. We can assist these visitors from across the country and will have a list of projects you can participate in beginning the first Sunday in July. Watch the bulletin or go to our website or Facebook page for more information.

MHBC is in charge of projects at The Village in Lebanon. There will be a time of fellowship for residents and families with an ice cream sundae bar on Sunday afternoon, July 23. Then we will assist our visiting families as they lead a revival Monday through Thursday, July 24-27. There will also be other activities you can participate in at The Village during that week.

### VBS Follow-up

We had well over 100 children and youth registered for Vacation Bible School this summer and over 70 workers! Thank you to everyone for carving out time in your schedule for this important time of learning and Bible teaching. Let us continue to pray that God will use the 2 weeks of VBS to make an impact on families.

### Other News

- ◆ **EARF News** — Thank you to the EARF focus group (Education Area Revitalization) and everyone who made a donation to this project that is making some positive physical improvements to our children's education space.
- ◆ **Mayberry Bible Study** — The "Mayberry Bible Study" is back on Sunday nights beginning July 16 at 7 p.m. The study makes use of an episode of "The Andy Griffith Show" as a modern day parable each night to introduce us to a topical Bible study. Plus we'll have a wonder summertime snack for each session!
- ◆ Check out our web site at [www.muldraughhill.org](http://www.muldraughhill.org) to stay up on current events of the church and prayer requests. Plus, you can like us on **Facebook!**
