

You Have Questions; We Have Answers

- **When will renovation begin at MHBC?**

Our goal is to begin the renovation projects by spring of 2022, depending on contractors' schedule.

- **Will we do work only as we have money to pay, and then wait until we have more money to continue the project?**

Our plan is to conduct the "Embrace Tomorrow" capital campaign. This effort will focus on giving over and above annual ministry budget giving. We will use current designated funds that have been given in advance of the capital campaign for the renovation project and possible other funds in hand as recommended by the Financial Advisory Committee and voted on by the church.

- **Is there a possibility we will be borrowing money?**

The building facility renovation will be paid for with a combination of "Embrace Tomorrow" capital campaign pledges, any current designated funds related to facility updates, and potential short-term borrowed money as recommended by the Financial Advisory Committee and voted on by the church.
